DISCLAIMER: Fuel prices on our website are provided as a benefit to our customers. Every effort is made to ensure consistency between the prices listed on our website and the prices at the pump. If there is ever a discrepancy, the price at the pump always prevails. The actual price at the pump is subject to immediate change without being contemporaneously reflected on this website, and there will be a delay before the website can be updated. Due to the volatility of the market for petroleum products, such change may be significant and frequent. For these foregoing reasons, Irving Oil makes no representations, conditions or warranties that the price shown on our website will be the price at which you will be able to purchase fuel if you visit one of the locations listed.
